Dear Sir or Madam:

This letter is in response to your request concerning the content of certain hazardous substances in the products that you purchase from NEW.

To the best of our knowledge, lead has not been intentionally added to the following parts:

N13-44B-525
N12-50B-362-1
N13-44B-477
N13-44B-534
N12-44S-475-1
N12-44B-453-1

Please note that this information is furnished based upon data provided by our suppliers. NEW has not tested these parts to verify the data given. Should actual quantitative data be required we suggest that our customers perform this analysis.

If you have any further questions please contact me.

Sincerely,

Danielle Murphy
