

SPECIALTY CABLE CORPORATION
IT'S IN THE NAME **ISO-9001 CERTIFIED**

Dear Cassie:

As you probably know by now, the European RoHS Directive took effect on July 1, 2006. This directive prohibits the following 9 substances in electrical and electronic products sold in Europe:

- Cadmium
- Deca BDE
- Hexavalent Chromium
- Lead
- Mercury
- Perfluorooctane sulfonate (PFOS)
- Perfluorooctanoic acid (PFOA)
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)

Specialty Cable Corporation is pleased to inform you that none of the products supplied by our company contain any of the 9 substances listed above.

As a result, Specialty Cable Corporation's is in compliance with the European RoHS Directive.

Sincerely,

Kenneth E. Caplet
Vice President of Engineering & Q.A.
Specialty Cable Corporation
